| Database               | MySQL, MongoDB  |
| Version Control System | Git, Github   |
| Other Tools and Skills | Google OAuth, Stripe Payment Gateway, LaTeX, Code Review, Leadership                |

## Internship Experience

### Bonrix Software Systems

Software Developer Intern

Ahmedabad, Gujarat, India

May 2024 - June 2024

- A stipend based onsite internship.
- Designed, developed, and hosted financial software from scratch, meeting client requirements.

## Project Contributions

### Bank Accounts Management System

Bonrix Software Systems

Ahmedabad, Gujarat, India

May 2024 - June 2024

- Developed a system to manage multiple bank accounts and their data efficiently.
- Implemented core functionalities using **Spring Boot**, allowing users to upload bank account statements in various file formats (PDF, Excel, CSV) and generate customized reports.
- Designed and developed the user interface with **React JS**, enabling users to add, update, delete data, and download generated reports.
- Utilized **MySQL** for database management.
- Deployed and hosted the project successfully.

## Personal Projects

### AutoBiography

Marwadi University

Live | [GitHub](#)

- Developed a web application for viewing, bookmarking and downloading HD quality wallpapers of auto-mobiles.
- Technologies used: **.NET Core 8 MVC architecture, API made in .NET and MSSQL database.**

### TalkBack

Marwadi University

Live | [GitHub](#)

- Developed a web application for sending, collecting, and visualizing client feedback.
- Technologies used: **React.js, Express.js, Google OAuth, Stripe payment gateway and MongoDB**

Marwadi University

- Developed a website where users can configure and purchase custom-built PCs according to their requirements.
- Technologies used: **HTML, CSS, Bootstrap, Java Server Pages (JSP) and MySQL**

## Certifications

---

### **AWS Academy**

AWS Academy Cloud Foundations

*Jul 2024 – Oct 2024*

- Learned AWS architecture, core services, pricing, and support.
- Completed hands-on labs on AWS Cloud computing.

### **AWS Academy**

AWS Academy Data Engineering

*Jul 2024 – Oct 2024*

- Studied data engineering and machine learning concepts.
- Performed hands-on labs on machine learning techniques.

## Additional Information

---

- Delivered a talk of 1 hour over 150 university students about API Development
- Conducted a 3-hour AWS EC2 workshop for over 30 students in the Cloud Computing and DevOps Club at Marwadi University.
- Member of Cloud Computing and DevOps Club (2024 - Present).
- Social Service Volunteer at Sant Nirankari Charitable Foundation, contributing to Blood Donation Drives, Tree Plantations, and Cleanliness Drives.
